THE 6-ISSUE SCI-FI EPIC BEGINS IN

NOVEMBER

"Poker"

DAY 85 / AUSTIN, TEXAS

DANTE AND VIRGIL IN HELL. 1850.

THE EIGHTH CIRCLE--

--MALEBOLGE. A SERIES OF DITCHES BRIDGED TO OTHER DITCHES.

EACH DITCH LOWER THAN THE PREVIOUS.

THE TWO GUYS FIGHTING ARE CAPOCCHIO, A SCIENTIST, AND SCHICCI, AN IDENTITY THIEF.

TWO REAL GUYS WHO WERE SENTENCED TO DEATH.

A FORTUNE IN FINE ART, HIDDEN IN PLAIN SIGHT...

...HERE AMONG THE DESPERATE DUNCES OF DUSTVILLE.

NEVER MET A THIEF LITERATE ENOUGH TO FIND THE PLACE. CONGRATU-LATIONS.

...IS IT'S STILL *INTACT.*

GO AHEAD. IT'S BEEN A GOOD LIFE.

BEEN EVERY-WHERE I WANTED TO GO. MONEY. WOMEN. LASER DEATH BEAMS.

REALLY ONLY ONE THING BOTHERING ME NOW...

SUPERMAN SHOULD HAVE BURST THROUGH THAT PAINTING WEEKS AGO. AFTER ALL...

...I KILLED THE WOMAN HE LOVES.

BOY SCOUTS ARE RARELY KNOWN FOR THEIR RESTRAINT.

THIS STRATEGY... IS VERY "BATMAN" OF HIM. VERY DISTRACTING. ANYWAY...

...TAKE WHATEVER YOU WANT.

YOU GOT PAST THIRTEEN LOCKOUTS. YOU'VE EARNED IT.

CALL MY GUY, WE'LL HAVE LUNCH.

I JUST REFUSE TO BELIEVE SUPERMAN HASN'T COME AFTER...

...DAMMIT.

OF COURSE.

EXCUSE ME.

DC NATION SPOTLIGHT ON

BATMAN OFF-WORLD

INTERVIEW WITH JASON AARON

The blockbuster creative team of writer Jason Aaron and artist Doug Mahnke unite for *Batman: Off-World*, a seven-issue epic sending Batman toward the stars. DC Nation sat down with Aaron to help uncover the burning secrets behind this series.

Batman has historically been a very grounded character, and this story sends him into deep space. What was it like taking the Dark Knight so out of his element?

Taking Batman out of his element is one of the most fun parts of this story. This is a young Batman and he's only just started to get a handle on his mission in Gotham. Then something otherworldly happens that shows Bruce how little he really knows about the universe as a whole. Now he's taking on a challenge unlike anything he's faced before.

As this story begins we find Batman aboard a spacecraft called the *War Storm*. What is this ship and who are some of the characters already on it?

The *War Storm* is a massive spaceship that acts as a mercenary training school. It goes from world to world, abducting aliens and forcing them to train as hired soldiers. Once Batman finds himself there, he meets up with Ione of Tamaran, who's a fiery stormchaser, which is like a bounty hunter in this particular sector of space, the Slag Galaxy.

What has it been like collaborating with legendary artist Doug Mahnke?

It's a total dream come true. For years now, Doug has been at the top of my "Have to Work With" list for artists. He's been absolutely nailing it on this project from page one. No surprise, but Doug draws the best-looking horde of alien killers you could ever imagine.

You've penned so many iconic runs on different superheroes—what are you specifically bringing to Batman that readers haven't seen before?

I love writing a young Batman thrown into a corner of the DCU that's wholly new to him. As a reader, it was really DC that first made me a comics fan as a kid. This project is very much an ode to some of those DC series that hooked me, like *The New Teen Titans*, *Atari Force*, and *The Dark Knight Returns*.

After many years of writing comics at other publishers, what has it been like to return to DC?

It feels great. It's a return in that Vertigo gave me one of my first big breaks in comics several years ago. But to me this *really* feels like my DC debut. You better believe that *Batman: Off-World* is just the first of many new DC projects that I'm excited to bring to life.
